Direct Deposit

A simple and secure way to support
Global Ministries and its worldwide staff.

Direct deposit has become common. People use it to pay utility bills, insurance premiums, loan payments, and much more.

Now, you can use Direct Deposit to support the work of Global Ministries. Donations, including monthly support for individuals, can be transferred automatically from your bank account.

No checks to write. No stamps to find, or envelopes to address. You don't even need to remember that your support is due. It all happens automatically.

How Does it Work?

Direct Deposit sets up an arrangement between Global Ministries and your bank. Every month, on the same date, a predefined gift is transferred from your checking or savings account to the Global Ministries bank account.

Advantages of Direct Deposit

Convenient. Transfers occur automatically. You do nothing. You don't need to write checks, find the address, locate the previous receipt, fill out the envelope, pay for stamps, etc.

Timely. Your gift is transferred at the same

time every month. You don't need to remember to make the gift.

Secure. Electronic fund transfers are among the most reliable, accurate, and secure methods of payment. There are no checks or receipts to be lost, stolen, or delayed in the mail. Every check you write contains written information about your bank account. That's not an issue with electronic transfers.

Good stewardship. Processing checks can be time-consuming and costly to us as an organization. A direct deposit takes only a few seconds. We don't need to open envelopes and process gifts.
